## OUTRIGGER CANOEING

The National Veterans Golden Age Games is excited to present to you the opportunity of a lifetime. Not only will 2011 mark the 25th Anniversary of the National Veterans Golden Age Games, but it will also bring an Exhibition Event like no other...Outrigger Canoeing!

This is the first time this exhibition even has been offered. In the Hawaiian language, Hoe Wa'a Mau means paddle the canoe forward. Very few cultures have their roots linked to the ocean as the Hawaiian culture does. In the last hundred years, paddling has evolved into one of Hawaii's most beloved pastimes and sports.

The outrigger canoe event is fun, safe and easily accessible for all Veterans, regardless of age or physical condition.

Unlike traditional canoes, an outrigger canoe has support floats attached to the hull of the boat to help prevent it from tipping.

Some of the most recognized and decorated athletes in the outrigger canoe and paddling community (including adaptive paddling) will be on hand to personally provide instruction and guide your canoe through the crystal blue waters of Waikiki.

There are four sessions available. If you'd like to participate in this truly unique Hawaiian tradition, please choose one session in your registration packet.
